PROFESSIONAL SUMMARY

Supply chain professional with nearly 7 years of experience across material and demand planning, procurement, and financial analysis in an aviation MRO environment. Combines hands-on SAP MRP and inventory/demand balancing experience with data analytics skills in Excel, Power Query, Power BI, SQL, and Python. Experienced in developing performance reports and KPI dashboards, analyzing demand, inventory and shortages, and translating operational data into decision support. Focused on data-driven planning, forecasting, inventory optimization, and process improvement.

WORK HISTORY

11/2021 – Present
Sofia

Lufthansa Technik Sofia
Demand Material Planner

- Plan and balance aircraft-parts supply against operational demand to support material availability and production continuity.
- Use SAP MRP to review demand and inventory positions, identify shortages, and support planning decisions.
- Develop and maintain supply-chain reports and dashboards to monitor performance, highlight operational issues, and support decision-making.
- Analyze inventory levels, demand patterns, and shortages to inform procurement and material-planning actions.
- Contribute to cost optimization through improved planning and inventory-control strategies.
- Monitor procurement KPIs and provide performance insights to support buyer evaluation and operational improvements.

10/2019 – 11/2021
Sofia

Lufthansa Technik Sofia
Procurement Specialist

- Managed procurement of aircraft parts and aviation-related materials in line with operational requirements.
- Built and tracked procurement KPIs to support supplier and buyer performance analysis.
- Prepared data and reporting to assess procurement efficiency and identify cost-optimization opportunities.
- Collaborated with supply-chain teams to improve sourcing processes and reduce lead times.

03/2018 – 10/2019
Sofia

Advance Valuations
Financial Analyst

- Performed financial analysis, forecasting, and performance reporting for business clients.
- Created financial models and operational-metrics reports to support business decision-making.
- Analyzed data across companies and industries to identify relevant performance insights.

12/2017 – 03/2018
Sofia

Innimmo Advisers
Financial Analyst

- Supported financial reporting, valuation analysis, and interpretation of investment data.
- Prepared analytical reports to support business and financial decision-making.
